Midde

Veggklosett

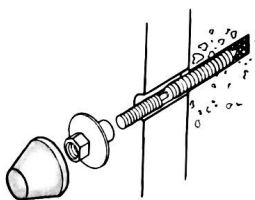

35195 620 x 355 x 710

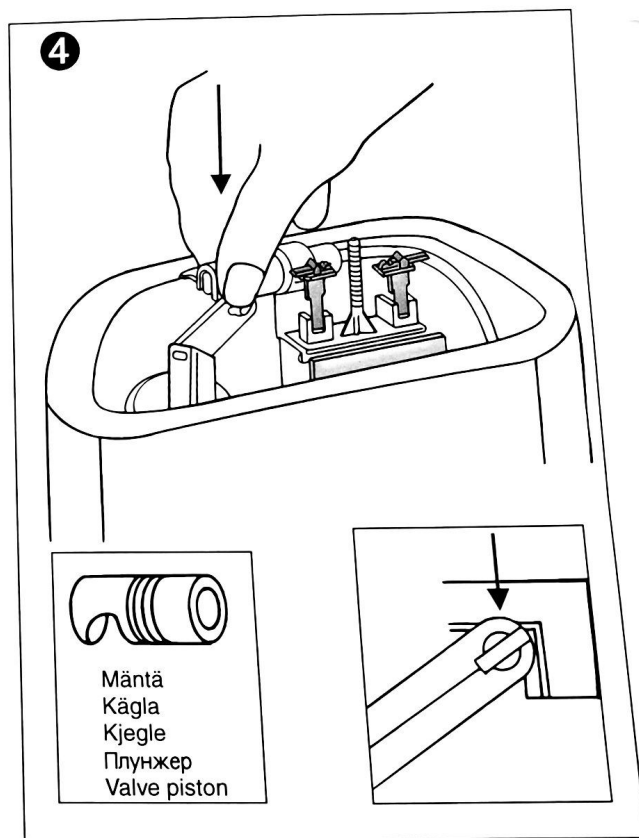

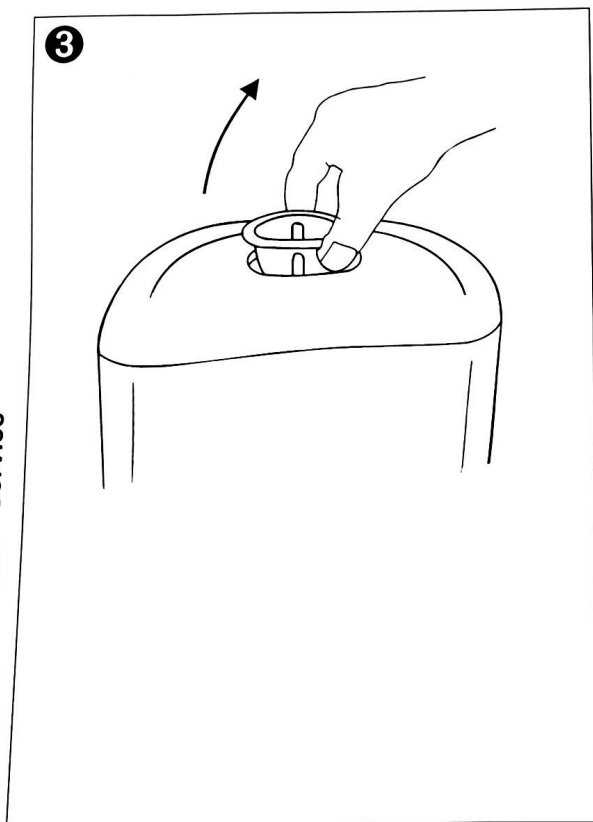

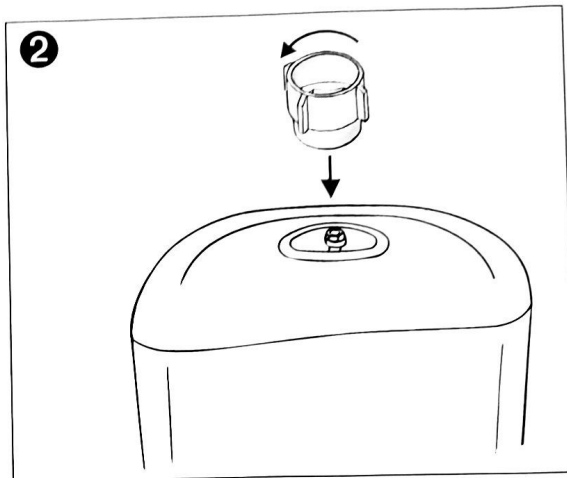

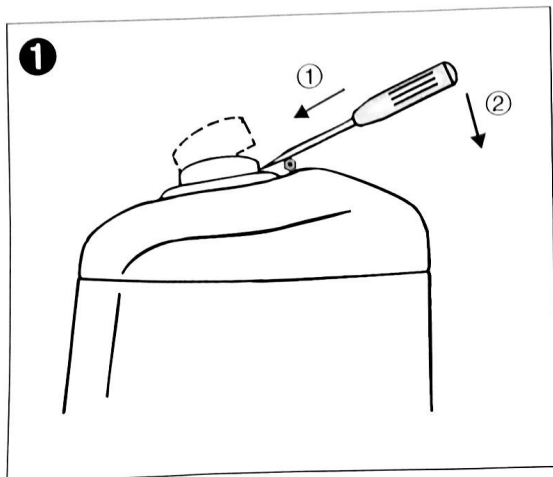

- Trevi Basic klosettet er utstyrt med enkelspyling. Denne er innstilt på spylemengde 6 liter fra fabrikk, men kan justeres ned til 4 liter.

Gummimansjetten spennes rundt muffen på avløpsrøret, deretter settes klosettet på plass og festes i vegg. Sittehøyde 400 mm.

- Dersom armlene monteres på denne modellen, bør sete i hardplast nr. 780-01 med spesial hengsletapper benyttes.

HUOM ! Tämä venttiili toimii vain, jos säiliönkansi on asennettu ja momenttimutteri kiristetty.

OBS ! För att denna ventil skall fungera bör cisternlocket vara påsatt och momentmuttern spänd.

OBS ! For at denne ventilen skal fungere bør sisternelokket være satt på og momentmuttern dratt til.

Вним.! Данный клапан работает лишь при установленной крышке бачка и затянутой гайке.

NOTE ! This valve operates only if the cistern lid has been installed and the torque nut has been tightened.
